Greek Life & Leadership Relationship Statements
Office of Greek Life and Leadership
Georgia Southwestern State University

Since the establishment of the first nationally affiliated Greek-Letter organizations at Georgia Southwestern State University in the 1960’s fraternities and sororities have played an important role in complementing the educational mission and purpose of the University. It is the intent of the University to preserve and enhance this relationship through a spirit of mutual respect and understanding, so that the fraternities and sororities and the University may continue to be partners in providing positive learning environments, whereby each member will be challenged toward leadership, service, and excellence. Furthermore, GSW believes that inherent in every Greek organization are the ideals of scholarship, community service, leadership, brotherhood and sisterhood, spiritual awareness, personal integrity, and social development. The University also believes that each organization has the responsibility and obligation to foster and promote these ideals in its day to day operations.

Therefore, it is important that the University and the fraternities and sororities clearly establish and ascertain the obligations and privileges of both parties to assure the continued existence and increased strength of the fraternity and sorority experience at GSW.

This relationship statement shall include an outline of the privileges and obligations of fraternities and sororities at Georgia Southwestern State University and the recognition afforded to these organizations by the University, as well as the obligations required of the University.

Therefore, it is a requirement of the division of Student Engagement and Success that each fraternity and sorority chapter achieve a minimum of a 2.5 term average for their members to remain in good standing.

Statement on Hazing
Office of Greek Life and Leadership
Georgia Southwestern State University

A fraternity/sorority who believes in true brotherhood/sisterhood and the ideals taught in his/her fraternity/sorority ritual, would not haze a pledge/associate member or brother/sister. Every national fraternity and/or sorority has outlawed hazing.

The State of Georgia has enacted legislation making hazing a criminal offense.

The GSW administration is unconditionally opposed to any situation created to produce mental and/or physical discomfort, embarrassment, harassment or ridicule. You are expected not to participate in any hazing activity, and to report immediately any such activity of which you become aware. Failure to report hazing is in effect giving approval of it.

Hazing may be caused by either overt or covert coercion. When any hazing activity is suggested by a fraternity or sorority or member of a fraternity or sorority, to new or trial members, covert coercion will be established, even if the activity is said to be "voluntary".

The following is the Georgia Southwestern State University Policy Statement on Hazing. All members are required to know and understand this policy and acknowledge that understanding prior to accepting any new members in their chapter/organization each academic year.

POLICY STATEMENT
Georgia Southwestern State University

Subject: Hazing Policy for Greek Letter Organizations

1. Purpose

It is the responsibility of all student organizations to encourage an atmosphere of learning, social responsibility, and respect for human dignity and to provide positive influence and constructive development for members and aspiring members. "Hazing" is an unproductive and hazardous custom that is incongruous with this responsibility and has no place in university life, either on, or off campus.
The purpose of this policy is to define hazing and to provide guidelines with regard to hazing that student organizations and their members must follow.

2. Prohibition and Sanctions

Hazing, as defined in this policy, is prohibited, and

1. Organizations that are found to be in violation of this policy may lose status as recognized GSW student organizations, and
2. Individual members who are found to be in violation of this policy are in violation of the Non-Academic Conduct Policy and may be disciplined in accordance with GSW’s disciplinary procedures.

3. Definition:

Hazing is a willful action taken toward any student, or group of students, on, or off, campus by a student organization or any of its members to produce public humiliation, physical discomfort, bodily injury, or public ridicule or to create a situation where public humiliation, physical discomfort, bodily injury, or public ridicule occurs.

Such activities include, but are not limited to:

1. Paddling
2. Requiring or compelling exercise and calisthenics
3. Road trips (involuntary excursions)
4. Requiring or compelling exposure to uncomfortable elements
5. Requiring or compelling activities creating unnecessary work, detention, or any duties that impair academic efforts
6. Verbal harassment
7. Requiring or compelling the wearing in public of apparel which is conspicuous and not in good taste
8. Requiring or compelling the forced consumption of any liquid or solid substance

4. Responsibility

The Director of Student Rights and Responsibilities or a designated representative is the GSW official who has primary responsibility for administering this policy.

5. Relationship of this policy to the State of Georgia law:

O.C.G.A. 16-5-61 (2010) declares hazing illegal and establishes conditions for civil and criminal liability. Georgia law 16-5-61 and subsequent related amendments will serve as a guide for action by GSW should a hazing incident occur.

(a) As used in this Code section, the term:

(1) "Haze" means to subject a student to an activity which endangers or is likely to endanger the
physical health of a student, regardless of a student's willingness to participate in such activity.

(2) "School" means any school, college, or university in this state.

(3) "School organization" means any club, society, fraternity, sorority, or a group living together which has students as its principal members.

(4) "Student" means any person enrolled in a school in this state.

(b) It shall be unlawful for any person to haze any student in connection with or as a condition or precondition of gaining acceptance, membership, office, or other status in a school organization.

(c) Any person who violates this Code section shall be guilty of a misdemeanor of a high and aggravated nature.

Statement on New Member Education Programs
Office of Greek Life and Leadership
Georgia Southwestern State University

New member education is an essential part of the activities of social, Greek-lettered fraternities and sororities at GSW. These programs allow the newest members of our organizations to learn about their respective fraternity or sorority as well as find opportunities for personal growth and the development of lifelong friendship.
In order to support these education policies, the Georgia Southwestern State University Office of Greek Life and Leadership sets forth this statement regarding New Member Education. In addition to this statement, all fraternities and sororities must follow the guidelines set forth by their inter/national organization.

**New Member Education Timeline**
The *New Member Education Membership Intake Timeline* must be submitted to the Greek Life and Leadership Coordinator prior to any new member education activities taking place. Outside of an interest meeting, no other educational sessions or meetings can occur until this timeline is submitted in person to the Greek Life and Leadership Coordinator. The timeline must clearly outline the new member education process including meeting dates, individuals leading the sessions, and dates for initiation/new member presentation. *Failure to submit the timeline by the established deadline will result in the suspension of student organization recognition and privileges until all materials are received.*

**Timing**
The new member education process shall not exceed eight (8) weeks. In addition, all new member education activities, including initiation, must occur prior to the end of classes for the academic term. This means that new members must be finished with all activities prior to the final examination period and no activities shall occur when regular classes are not in session (i.e. Summer terms).

*Exceptions to this statement will only be granted in cases where the inter/national organization’s policy dictates an extended term of new member education. This policy must be submitted in writing to the Office of Greek Life and Leadership AND must be confirmed with the inter/national headquarters’ staff.*
Georgia Southwestern State University
Hazing Compliance Form

Beginning in the Fall of 2019, all new members of Greek Letter Organizations must complete this form with the Office of Greek Life and Leadership prior to participating in any new member education activity to certify compliance with and acknowledgment of the University’s Policy Statement on Hazing. Any chapters that do not have their aspirants and (or) new members complete this form will not be given the status of a Recognized Student Organization on campus or will have their recognition revoked until they are in full compliance.

Hazing Agreement

The officers and members of our organization understand the University’s Policy Statement on Hazing. All activities sponsored and/or required by our organization are in compliance with this policy.
