Question of the Month

Where can I see my financial aid for the Spring Semester on my RAIN Account?

Students often times are confused about where to look on RAIN. Remember since fall financial aid has already been disbursed (applied to your account), you will not see your spring financial aid in the same place.

Do Not Panic you will not see your Spring Financial Aid under Account Summary by Term until you have attended classes and aid has been disbursed. Once you have pre-registered for classes, follow these directions:

  - Login to RAIN
  - Student Services
  - Registration
  - Registration Fee Assessment
  - Select the correct term
  - Scroll all the way down to see your Total Estimated Amount Due
    or Total Estimated Refund Due

Total Estimated Amount Due represents your remaining balance.

Total Estimated Refund Due represents excess funds (which will be available for you to use in bookstore on the first day of class).

Please email us at finaid@gsw.edu if you have any questions
