

## **W2W Program Revised Guidelines for Sponsored Events**

The goal of Windows to the World is to expand students' intercultural knowledge, skills, and attitudes, as well as their ability to interact effectively with those from other cultures and other diverse backgrounds. The revised guidelines emphasize intercultural competency more broadly which includes global awareness in addition to other issues related to equity and inclusion.

All campus units, including academic programs, Student Engagement and Success offices, or student organizations are encouraged to submit proposals to sponsor W2W events on any scale. The Office of Experiential Learning will review and approve all W2W program proposals. To qualify as a W2W event, a program must address one or more of the Windows to the World Student Learning Outcomes as listed below:

### **W2W Student Learning Outcomes:**

- To acquire intercultural knowledge, skills, and attitudes
- To explore both how you see people who are different from you, and your own identity
- To interact with other cultures and other areas of diversity and critically reflect on these interactions

### **Recommended W2W Program Criteria:**

- Focus on specific intercultural knowledge, skills, and attitudes
- Engage students in exploring and expanding their perspectives toward others and themselves
- Involve interactions with others beyond one's own culture and critical reflections on these interactions

Upon approval, the sponsoring organization/individual will submit information describing the

event for posting in Canes Connect at least 2 weeks prior to the event to the Office of Experiential Learning. Experiential Learning and the Office of Academic Affairs will assist sponsoring organizations or departments with publicity. All approved W2W events are requested to include a W2W logo on promotional materials.
