GEORGIA SOUTHWESTERN STATE UNIVERSITY Overview

Description:

Georgia Southwestern State University is a senior unit of the University System of Georgia. The University was founded in 1906 as the Third District Agricultural and Mechanical School. In 1926, it was granted a charter authorizing the school to offer two years of college work and to change the name to Third District Agricultural and Normal College. The name was changed to Georgia Southwestern College in 1932, at which time it was placed under the jurisdiction of the Board of Regents of the University System of Georgia. In 1964, the College became a senior unit of the University System, conferring its first baccalaureate degrees in June of 1968. Graduate work was added to the curriculum in June of 1973. In July 1996, the Board of Regents authorized state university status, and the institution became Georgia Southwestern State University.

The University is located on 250 acres of improved wooded land plus a golf course in the community of Americus, Georgia, 135 miles south of Atlanta. The attractive campus includes recreational areas, a spring-fed lake, and forty-nine buildings.

The programs and educational opportunities at Georgia Southwestern State University have many distinctive features. As a residential, comprehensive university, Georgia Southwestern serves a diverse student body with programs leading to bachelors, masters and education specialist degrees. Georgia Southwestern fulfills its commitment to research and public service through the individual efforts of an outstanding faculty and the focused activities of specific centers, which rely heavily on external funding. The program in Third World Studies has served as the guiding force in the development of a professional association and journal contributing to Georgia Southwestern's international reputation.

Georgia Southwestern State University shares with the other state universities of the University System of Georgia the following core characteristics and purposes: a commitment to excellence and responsiveness within a scope of influence defined by the needs of an area of the state, and by particularly outstanding programs or distinctive characteristics that have a magnet effect
throughout the region or state; a commitment to a teaching/learning environment, both inside and outside the classroom, that sustains instructional excellence, serves a diverse and college- prepared student body, promotes high levels of student achievement, offers academic assistance, and provides developmental studies programs for a limited student cohort;

- a high quality general education program supporting a variety of disciplinary, interdisciplinary, and professional academic programming at the baccalaureate level, with selected master’s and educational specialist degrees, and selected associate degree programs based on area need and/or inter-institutional collaborations;
- a commitment to public service, continuing education, technical assistance, and economic development activities that address the needs, improve the quality of life, and raise the educational level within the university’s scope of influence;

**FINANCIAL INFORMATION**

In accordance with regulations of the Board of Regents of the University System of Georgia, all matriculation charges, board, room rent, or other charges are subject to change at the end of any semester.

**BUSINESS REGULATIONS**

Georgia Southwestern State University, as a unit of the University System of Georgia, receives the major portion of its operating funds from the State of Georgia through appropriations.

The academic year is divided into two semesters of approximately sixteen weeks and a summer term.

Certain regulations must be observed to conform to the policies of the Board of Regents. Fees and charges are due and payable at the beginning of each term at the time of registration. Registration is not complete until all fees have been paid. Students should not begin the registration process without having sufficient funds to pay all fees.

A student who is delinquent in his or her financial obligations to the University may be administratively dropped from classes for the term that is unpaid. If this action is necessary, the student is not allowed to remain in class or participate in online classes. The procedures for reinstatement is to complete the [Petition for Reinstatement to the Class Roll](#) form. Submission of payment does not ensure reinstatement.
A student who is delinquent in his or her financial obligations to the University or to any facet of the University community will not be allowed to register for the next term, to transfer credits to another school, to receive academic transcripts, or to graduate from the University. In some instances the financially delinquent student may be enjoined by the appropriate University official from attending classes for which enrolled and/or from taking final examinations.

A student, with outstanding financial obligations to the University, or any facet of the University community, must submit payment in cash for these obligations prior to the release of any refund and/or payroll check(s). Such penalties will accrue in addition to the penalties described above.

Fulfillment of financial obligations restores the student to his or her prior status as a member of the University community, except for academic losses which accrue as a normal result of the prior financial irresponsibility.

If any check is not paid on presentation to the bank on which it is drawn, a service charge of $15 or 5 percent of the face amount of the check, whichever is greater, will be charged. When two checks have been returned by any student's bank without payment, check cashing privileges will be suspended.

The health service fee provides for limited medical care in the University Health Center and is charged all graduate students enrolled in four or more semester hours on campus and all students residing in the residence halls.

The student activity fee is assessed to all graduate students enrolled in four or more semester hours on campus and all students residing in the residence halls. It provides financial support for a broad program of literary, dramatic, musical, and social activities and defrays most of the expenses of publishing the newspaper and other University publications.

The student success center fee is assessed to all graduate students enrolled in four or more semester hours on campus and all students residing in the residence halls. It provides financial support for the full-time multi-purpose facility.

The athletic fee is charged all graduate students enrolled in four or more semester hours on campus and all students residing in the residence halls. It contributes to the financial support of inter-collegiate athletic activities.

The technology fee and institutional fee are assessed to all students. These fees allow GSW to provide state of the art technology and instructional services to students.

**FEE PAYMENT DEADLINES**

Fee Payment Deadlines are posted under the RAIN announcement page. A late payment fee of $50.00 will be assessed to students not paid in full by the deadline or students can be administratively dropped from the University for not paying in full by the deadline.

**IDENTIFICATION CARDS**
Georgia Southwestern State University provides every student with a CanesCard. The CanesCard is the official Identification Card for GSW. Students can use their CanesCard to access the Dining Hall, Higher Grounds, POD, and Chick-fil-A/Boar's Head Deli.

Every student will need to have a CanesCard to access GSW facilities such as the fitness center, game room, library, bookstore, academic computer labs, and the Residence Halls.

**REFUND OF FEES**

Students who formally withdraw from the University prior to passing the 60% point in time during the term are eligible for a partial refund of fees. Refunds are made only when a student completely withdraws from the University, and no refunds are made when a student of his or her own volition reduces the course load after the add/drop period. Students may receive a refund resulting from a reduction of their course load during add/drop period. No refunds for withdrawals will be made after passing the 60% point in time during the semester. It is the student's responsibility to withdraw officially in accordance with University regulations.
The [Withdrawal from the University for the Semester](#) form is available online. The completed form should be submitted to the Director of the First Year Experience located in the Student Success Center, room 3411 (229-928-1387) or faxed to 229-931-2021. A refund of tuition and fees, in accordance with federal, state, and institutional policies, will be issued within 30 days of receipt of completed withdrawal forms by the Student Accounts Office. Students who officially withdraw from the University on or before the first day of class are entitled to a refund of 100% of the tuition and fees paid for that period of enrollment. (First day of class is defined as "classes begin" date published in the GSW Bulletin.)

Students who formally withdraw from the institution on or before the first day of class are entitled to a refund of 100% of the tuition and fees paid for that period of enrollment. (First day of class is defined as "classes begin" date published in the GSW Bulletin.)

Students who formally withdraw from the institution after the first day of class but before the 60% point in time during the term are subject to guidelines established by the Board of Regents of the University System of Georgia. This policy states:

The refund amount for students withdrawing from the institution shall be based on a pro rata percentage determined by dividing the number of calendar days in the semester that the student completed by the total calendar days in the semester. The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that a student was on an approved leave of absence. The unearned portion shall be refunded up to the point in time that the amount equals 60%.

Students who withdraw from the institution when the calculated percentage of completion is greater than 60% are not entitled to a refund of any portion of institutional charges. The E-Campus programs (e-Core and E-Major) are excluded from this policy.

A refund of all matriculation fees and other mandatory fees shall be made in the event of the death of a student at any time during the academic session. (BR Minutes, 1979-80, p.61; 1986-87 pp. 24-25; 1995, p.246)

The University is required to determine how much student financial aid was earned by students who withdraw during the term. If students have "unearned aid" because they were disbursed more than they earned, it may be necessary for the unearned portion to be returned to the appropriate student financial aid fund. If the students have "earned aid" that they have not received, they may be eligible to receive those funds.

**TEXTBOOKS AND SUPPLIES**

Textbooks, trade books, software, general merchandise (including GSW items), and school supplies are available in the Campus Bookstore. The Bookstore is located in the Marshall Student Center next to the Campus Post Office. The cost of books and supplies will vary with the courses selected by the individual student. A fair estimate of this cost is from $400 - $600 per semester. The Campus Bookstore buys back textbooks for cash three times a year during finals week at the end of each semester for up to 50% of the original purchase price.

Refunds for textbooks will not be given without the following:

- Cash register receipt dated within current term.
Valid student I.D.

AUDIT (NON-CREDIT) FEE
Fees for attending class on an audit or non-credit basis are calculated on the same schedule as regular academic fees.

CLASSIFICATION OF STUDENTS AS RESIDENTS AND NON-RESIDENTS
A student is responsible for registering under the proper residency classification. A student classified as a non-resident who believes that he/she is entitled to be reclassified as a legal resident may petition the Registrar for a change of status. The petition must be filed no later than thirty (30) days before the term begins in order for the student to be considered for reclassification for that term. If the petition is granted, reclassification will not be retroactive to prior terms. The necessary forms for this purpose are available in the Registrar’s Office or click here to access Out of State Tuition Waiver options.

To register as a legal resident of Georgia at an institution of the University System, a student must establish the following facts to the satisfaction of the Registrar:

If a person is 18 years of age or older, he or she may register as an in-state student only upon showing that he or she has been a legal resident of Georgia for a period of at least 12 months immediately preceding the date of registration.

Exceptions
A student whose parent, spouse, or court-appointed guardian is a legal resident of the State of Georgia may register as a resident providing the parent, spouse, or guardian can provide proof of legal residency in the State of Georgia for at least 12 consecutive months immediately preceding the date of registration.

A student who previously held residency status in the State of Georgia but moved from the state and then returned to the state in 12 or fewer months may register as a resident.

Students who are transferred to Georgia by employer are not subject to the durational residency requirement.

No emancipated minor or other person 18 years of age or older shall be deemed to have gained or acquired in-state status for tuition purposes while attending any educational institution in this state, in the absence of a clear demonstration that he or she in fact established legal residence in this state.

If a parent or legal guardian of a student changes his or her legal residence to another state following a period of legal residence in Georgia, the student may retain his or her classification as an in-state student as long as he or she remains continuously enrolled in the University System of Georgia, regardless of the status of his or her parent or legal guardian.

In the event that a legal resident of Georgia is appointed by a court as guardian of a nonresident minor, such minor will be permitted to register as an in-state student providing the guardian can provide proof that he or
she has been a resident of Georgia for the period of 12 months immediately preceding the date of the court appointment.

FINANCIAL AID TO STUDENTS

Students who are not regularly admitted to a graduate degree program are not eligible for financial aid.

The University provides loan programs to assist students who have financial need. Scholarships, unsubsidized loans, and part-time work constitute the types of financial aid. It is preferable that financial aid applications for the next academic year be filed by April 15th. Detailed information and appropriate forms may be obtained by contacting the Financial Aid Office, Georgia Southwestern State University. All awards are contingent on funds being available.

Most types of financial aid are awarded on the basis of a student's academic progress and proven financial need. As used in relation to financial aid, the term financial need means the monetary difference between the total cost of attending the University and the computed amount of financial resources the student and the family can contribute toward the total cost. The total cost of attending the University include tuition and all fees, room and board, books and supplies, personal expenses, and allowable transportation costs.

Financial need is computed by a standard need analysis system using confidential information submitted by the independent student. The need analysis system used by Georgia Southwestern State University is the Free Application for Federal Student Aid (FAFSA) administered by the Federal Government. The analysis of a family’s financial resources includes consideration of current family income, assets, family size, and number in college. Federal aid programs, state aid programs and many college programs do not permit aid awards that exceed the computed financial need. Thus, the information on all sources of aid must be provided to the Financial Aid Office. The amount of a student’s computed financial need is the total cost of attending Georgia Southwestern State University minus the computed family resources.

Procedures for Applying for Financial Aid

Students should complete financial aid applications as soon as possible. Application for financial aid at Georgia Southwestern State University includes the following steps:

Make application for admission to the University. Applicants for financial aid need not be accepted for enrollment before an award is packaged but must be accepted in an eligible academic program before aid is disbursed. Transfer students from other colleges must have a transcript and an admission application on file at the time of application for financial assistance.

Gather all federal tax information, including that of your spouse, needed to complete the FAFSA, which can be found at http://www.fafsa.gov. We strongly recommend that you complete your application online. This ensures a high level of accuracy because responses are checked online. It is more difficult to leave out information when processed on the web.

You will be required to apply for a “FSA ID”, which will be used later as an electronic signature.
On your completed FAFSA, be sure to list the GSW school code 001573. The information provided on the FAFSA is used to calculate eligibility for the federal aid, including grants, work-study, and loan programs. GSW strongly recommends that you use the IRS retrieval tool when completing the FAFSA.

If the school code 001573 is entered on the FAFSA, GSW will receive the student's financial information electronically. Until this information is received by the institution electronically, the student's financial aid eligibility cannot be determined.

Financial aid is not automatically renewed. All financial aid recipients must reapply for financial aid each year. All application information received after April 15th will be processed, but awards will be made as funds permit.

**Loans (Attendance requirements are 5 hours in the specified semester.)**

The loan and any corresponding amount of accumulated interest must be repaid within a specific time period.

**Federal Perkins Loan (National Direct Student Loan)**

The Perkins Loan (or NDSL) program allows a student with financial need to borrow additional funds after direct loans. The maximum loan is based on the student’s need and the availability of funds not to exceed $5500 annually. The student must be enrolled at least half-time. No interest is charged while the student is in school. Repayment of the loan at 5 percent interest begins nine months after the student leaves school. The minimum monthly payment is $40 and the entire loan must be paid within a ten-year period. (Priority is given to prior Perkins recipients).

Cancellation provisions are available to individuals who

- Teach in a public or non-profit school which has been designed as eligible by
- DOE as enrolling a high concentration of students from low income families;
- Teach handicapped children; or
- Serve as full-time staff members in a head start program;
- Work as a nurse in a public or non-profit organization.

**Federal Direct Unsubsidized Stafford Loan**

The Unsubsidized Loan is authorized by the federal government to help students pay the costs of education beyond high school. It is a low-interest non-need based program open to graduate students and accrues interest during deferment periods. Repayment of any Stafford Loan, within the limits of the law, will be "guaranteed" by the Department of Education. The actual amount available to the borrower is based upon the loan limits as established by the federal maximums. The student must repay this loan. Check with the Financial Aid Counselor for further details.

**Scholarships**

Scholarships are monetary gifts which usually do not require repayment. They are awarded on the basis of
academic performance and other specific criteria stipulated by GSW or the agency or person(s) funding the scholarship. The amount of the awards may vary according to the established need of the scholarship recipient. In order to remain eligible to receive most academic scholarships, a student recipient must be enrolled for at least 9 credit hours each term, earn a 3.0 cumulative grade point, and remain in good judicial standing.

**Employment Opportunities**

Several types of part-time employment are available through Georgia Southwestern State University.

**Graduate Assistantships**
A limited number of graduate assistantships are available in some departments. Interested students should contact the appropriate school, college or department office. For additional information, see the section on Academic Regulations.

**Part-Time Employment**
The Office of Career Services maintains a list of jobs available in the community. Any student interested in part-time work should file an application.

**Federal Work-Study**
This is a federally funded program, available to students with established financial need (based upon the FAFSA application) at the time of their initial enrollment or thereafter. Satisfactory academic progress and work performance are required. Applications are available in the Financial Aid Office.

**Financial Aid Policies**

Georgia Southwestern State University administers its financial aid program in compliance with all applicable Federal and State laws and regulations. Specifically, the financial aid policies are listed below:

To receive any federal financial aid, a student must maintain satisfactory academic progress toward a degree as determined by federal standards. Among other requirements, federal standards generally define "satisfactory progress toward graduation" as passing 67% of all academic work attempted during an academic year. The required GPA for good standing for graduate students is an overall 3.0/4.0. For students who fail to meet these standards, their financial aid will be terminated. They will not be eligible to receive further aid until such time they have corrected the deficiency at their own expense.

To receive federal aid, the student must not owe a refund on previous federal grants or be in default on a federal student loan.

Any refund from a federal source will be returned to that fund in the appropriate order.

**Withdrawing, Failing, Not Attending, and Repeating Courses**

Federal regulations require schools to determine the earned and unearned portions of Federal aid as of the date the student ceased attendance based on the amount of time the student spent in attending classes during each semester.
Up through the 60% point in each semester, a pro-rata schedule is used to determine the amount of Federal aid the student has earned at the time of withdrawal. After the 60% point in the semester, a student has earned 100% of the Federal aid awarded.

For a student who withdraws after the 60% point-in-time, there is no unearned aid. However, a school must still determine the student’s eligibility for a Post-withdrawal disbursement. Georgia Southwestern must comply with refund policies required by a state or other outside agencies. Although an institutional, state, or agency refund policy will determine the charges a student will owe after withdrawing, those policies will not affect the amount of federal aid the student has earned.

Federal aid is awarded to a student under the assumption that the student will attend school for the entire semester for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of federal aid that the student was originally scheduled to receive.

If a recipient of federal grant or loan funds withdraws (officially or unofficially) from a school after beginning attendance, the amount of federal grant or loan assistance earned by the student must be determined. If the amount disbursed to the student is greater than the amount the student earned, unearned funds must be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post- withdrawal disbursement of the earned aid that was not received.

GSW has a procedure for determining whether a federal recipient who began attendance during a semester completed the semester or should be treated as a withdrawal. If a student earns a passing grade in one or more of his or her classes in a semester GSW presumes that the student completed the course and thus completed the semester. If a student begins attendance, does not officially withdraw, but fails to earn a passing grade in at least one course offered over an entire semester, GSW for federal purposes must assume that the student has unofficially withdrawn. In such case, GSW may rely on the Instructors reported last date of attendance during the specific semester. If one instructor reports that the student attended through the end of the semester, then the student is not a withdrawal.

If a student is reported as not attending class, financial aid must be adjusted, and the student will become liable for any balance.

Repeating Classes: Students can retake a course, already passed, ONLY one more time and receive federal financial aid. Federal financial aid will not pay for any course taken more than twice. This rule applies whether or not the student received aid for earlier enrollment in the course and regardless of the minimum grade requirement. Since a D is a passing grade in the academic catalog, it is considered passing for federal financial aid purposes.

Please refer to the GSW Financial Aid website or contact the Financial Aid Office, Room 207, Sanford Hall. Office hours are from 8:00 a.m. - 5:30 p.m., Monday through Thursday and Friday from 8:00 a.m. - 3:00 p.m. Please call 229-928-1378 for summer hours, as they may vary.

**CAMPUS SERVICES**

**CAMPUS BOOKSTORE**

The bookstore has been established to provide the student body with goods and services at the least possible cost. It is a part of the University that has goals directly centered on the satisfaction and success of the students and the faculty. The bookstore is self-sufficient, receiving no funding from the University System, and any profit is returned to the institution. The Campus Bookstore at Georgia Southwestern State University is institutionally owned and operated. The success of the bookstore lies with the success of the students. The bookstore carries new, used, and rental textbooks, with an emphasis on trying to obtain as many used and rental textbooks as possible through student buybacks and various wholesale distributors to lower the student’s cost by 25%-75%. In addition to course materials, the bookstore stocks laptops, computer software, mass-market paperback books, computer books, study aids, reference materials, and school/office supplies for academic use. The bookstore also has gifts, including t-shirts, hats, coffee mugs, seasonal gift items, greeting cards, a classic collection of crystal engraved with the school seal, and many other gift items. Other goods and services offered through the bookstore include fax services and special ordering for any academic materials. The bookstore accepts cash, personal checks, MasterCard, Visa, Discover, American Express, Canes Cash, bookstore gift cards, and financial aid funds.

**Location/Store Hours**

The Campus Bookstore is located in the Marshall Student Center. During fall and spring semesters, the bookstore is open from 8:30am until 5:00pm Monday through Thursday, and 8:30am until 3:00pm on Friday. The bookstore closes during breaks to restock shelves for the following term. The store is also closed on holidays. Extended hours of operation are offered during the beginning of each term to accommodate the large volume of students buying books and supplies for new classes. The **Campus Bookstore** is your place for official Georgia Southwestern State University textbooks, gear and supplies. Buy used and new textbooks, find official Georgia Southwestern State University gear, and purchase software and gifts - all online.

**Textbooks**

The textbook buyback is conducted at the end of every semester during final exams. Books that are not changing to new editions and will be used the following term will be purchased at 50% of the price paid for the book. Books that are not being used again by the bookstore will be purchased by the buyer at established wholesale prices. The textbook carried by the bookstore is based strictly on faculty selection. Every attempt is made to have the books in stock before the beginning of the term, however, there are occasional delays due to receiving the text information late, publishers being out of stock, late or misdirected shipments, or
unexpected increases in a course's enrollment.

Refund Policy
The bookstore encourages students to attend class before purchasing textbooks. A full refund will be given during the add/drop period of the current term, which is generally the first three days of the semester. The store is simply unable to allow students to keep the materials for a longer period of time and still return them for full credit. New textbooks must be returned in a new, saleable condition with no markings whatsoever in order to be eligible for a refund. A student ID and cash register receipt is required for a refund. Any markings result in the book being reduced to a used status and only a 75% refund given. General supply, gift, and clothing merchandise may be returned for any reason for a full refund within 7 days of purchase with a receipt. Defective merchandise may be returned any time throughout the semester for an exchange. Shrink-wrapped books must be returned in the original wrapping for a full refund. Textbooks purchased after the add/drop period are non-returnable. Sale items, study guides, special-order items, mass-market paperbacks, and computer software are non-returnable.

THE ROSALYNN CARTER INSTITUTE FOR CAREGIVING
The Rosalynn Carter Institute for Caregiving establishes local, state and national, and international partnerships committed to building quality, long-term, home and community-based services. We believe this begins with providing caregivers with effective supports to promote caregiver health, skills and resilience. We also believe strongly in the need to provide greater recognition for professional and family caregivers. We focus on helping caregivers coping with chronic illness and disability across the lifespan.

Goals:
RCI overall goal is to support caregivers - both family and professional - through efforts of advocacy, education, research, and service.

Objectives For Advocacy:
• Reinforce the need for caregivers and the need to give support to those that give care at local, state, national, and international levels.
• Advocate for the uptake of evidence-based research to address the strain and burdens associated with family, volunteer and professional caregiving.

For Education:
• Develop caregiving curriculum for multiple levels of educational need.
• Provide scholarship opportunities for both individuals in the caregiving field and family caregivers interested in obtaining skill knowledge for their caregiving situation.
• Provide training and certification in selected evidence-based caregiver programs.

For Research:
• Provide technical assistance related to translational research targeting evidence-based caregiver programs.
• Contribute to the caregiving field through collaborative partnerships that invest in and support caregiving research.
For Service:
- Provide caregiver support to individuals through education and advocacy through local, state, and national partnerships.

To meet these goals and objectives, the RCI has engaged in the following:
- **Training Caregiving Leaders at Georgia Southwestern State University**
  - The caregiving Issues and Management Certificate Program is an interdisciplinary program designed to foster understanding of the caregiving field through the exploration of the journey of a caregiver, evidenced-based caregiver support programs, vulnerable populations needing caregivers, and culturally appropriate approaches to caregiving. Estimates have consistently projected that the need for caregiving will escalate significantly in the coming decades. This increase in demand can be attributed to several key trends, including an aging demographic, increased longevity, and the growing burden of chronic illnesses. This certificate program is designed to inform both professionals in caregiving (for example, business, health care, education, social services, public health, and psychology) and family caregivers about available resources, support programs, and research finding for caregivers of individuals across the lifespan.
  - This certificate is the only one of its kind in the state and represents a unique commitment of Georgia Southwestern State University to leaders in the field of Caregiving. Pope Scholarships and Fellowships are available. Please see the RCI website for applications.
- **Serving Caregiving Families in Georgia and across the United States**
  - In partnership with Phoebe-Sumter Medical Center in Americus, GA, the RCI operates a volunteer caregiver support center providing information to caregivers and connections to resources.
- **The Georgia Coalition of CARE-NETS (Caregivers Network)**
  - These volunteer Caregiver Networks serve as a unique coalition of caregiver support organizations who provide services across a broad array of illnesses and disabilities. There are 12 community CARE-NET Coalitions that are strategically located throughout the state in each Area Agency on Aging district. They provide ongoing assessment of community resources, identify and remedy gaps in services, share information and resources among agencies, develop strategies for complementary professional and family caregiver activities, offer caregiver education and, most importantly, advocate for Caregivers.
  - Today, the CARE-NETS represent a unique resource in the state of Georgia and are one of the most promising opportunities for developing comprehensive caregiver supports anywhere in the country. Georgia Caregiver of the Year Awards are given to three outstanding caregivers in Georgia annually.
- **National Training Center for Excellence**
  - The RCI established a national training center that provides training and certification in selected evidence-based caregiver programs. This training is available to individuals and agencies that serve and support caregivers.
  - The Center currently offers a menu of three evidence based programs:

RCI REACH is a six month/twelve session intervention delivered to caregivers of people with dementia in their home and by telephone by a Bachelor’s level care coach. Caregivers receive education and information on dementia and training in strategies and techniques for stress management, problem-solving, and self-care.

BRI Care Consultation is a twelve month telephone/e-mail based intervention providing information and support in finding simple and practical solutions to caregiving challenges and accessing available resources. This empowerment model of service targets caregivers and care receivers dealing with a variety of chronic health problems.
Operation Family Caregiver is a four to six month intervention utilizing problem-solving training to provide education and support to caregivers of service members/veterans with traumatic brain injury, post-traumatic stress, and/or physical disability.

In addition to training and certification of service providers, RCI offers intensive technical assistance. There are evidence-based implementation strategies that have been proven to assist community agencies in achieving positive outcomes similar to those of the clinical trials. RCI will assess an agency’s readiness for implementation and work with staff to develop and embed these strategies within an agency culture.

RCI Caregiving Book Series
Beginning in 2001, the Rosalynn Carter Institute for Caregiving began convening expert panels in caregiving to identify best practices in caregiving for specific conditions and illnesses, caregiving in rural areas, and education and support programs for caregivers. RCI sought out experts from across the U.S. and brought them together for an intensive session that included presentations from each panelist as well as active brainstorming amongst the entire panel. All books in the series were published by Springer and can be ordered on the RCI website.

National Research and Demonstration Programs:
With funding from Johnson and Johnson, the Administration on Aging/ACL and others, RCI works to facilitate the communication between research and practice. RCI builds partnerships between leading researchers and community organizations to implement proven programs in communities around the nation and assure that family caregivers have access to the most effective support available. Johnson and Johnson, a corporate sponsor, has provided more than $250,000 each year in community grants to build such partnerships around the country. RCI also presents a number of prestigious awards including the Rosalynn Carter Leadership in Caregiving Award and the Mattie Stepanek Caregiving Scholarships offered in cooperation with Johnson and Johnson.

For more information, see the RCI website. ORIENTATION PROGRAM
Orientation sessions for graduate students are held by the school/college or department offering the degree program. For additional information, students may contact the office of the appropriate school/college or department.

EMERGENCY STUDENT LOCATOR SERVICE
In emergency situations, students may be located by calling the Division of Student Affairs at 229-928-1387 or the Public Safety Office at 229-931-2245. Communication with the students will be made from these offices. These offices will not provide directory information to non-GSW personnel.

HOUSING/RESIDENCE LIFE
Residence Life at Georgia Southwestern State University offers students the opportunity to meet new people and make life-long friends, to feel a sense of independence, yet belong to a community, and to be in close contact with people who have values, attitudes, desires, and academic interests different from their own. Residential students will be challenged to question, to think, and to grow as individuals. At GSW, and at most institutions with residence halls, students living on campus are often more involved in leadership roles than their off-campus peers, in organizations such as the Student Government Association, sororities and fraternities, academic honor organizations, the Campus Activities Board, the Orientation Team, and a host of
other social, cultural and service-related groups. Living on campus can be a real PLUS for students who wish to become and remain involved in campus life.

GSW’s campus features five residence halls which currently house students. Southwestern Oaks 1 and 2, home to the university’s First Year Experience residents, is composed primarily of private and semi-private suites. Returning residents, transfer students, and new Upperclassmen residents are generally housed in private suites in Southwestern Magnolia 1 or 2, or in campus apartments in Southwestern Pines. Professional and student staff members live and work within the halls toward the halls are managed by both professionals and student staff members whose common goal is to see that all residents are provided safe, comfortable, and well-maintained housing facilities and to build a residential community which is not only conducive to academic success, but also which fosters positive social engagement, civility, and personal growth.

INSTITUTIONAL HOUSING REQUIREMENT
GSW has no housing requirement for graduate students, but welcomes them to live in the residence halls should they desire to do so.

ELIGIBILITY
As space permits, campus housing is available to all degree-seeking students who enrolled in at least 3 credit hours at Georgia Southwestern State University or in the South Georgia State College Entry Program.

2. Housing fees are due and payable in advance at the prescribed rate per academic term. If payment is not made by the stipulated deadline, the student’s registration can be canceled.

REFUNDS
Students who officially withdraw from the University qualify for a prorated refund of MEAL fees as determined by the date of the official checkout of the residence hall. Refunds will be prorated by the formula set by the Student Accounts Office. Students who vacate their assigned room during the semester without an official withdrawal or official residency release and students who withdraw and fail to officially check out of the room with the Residence Life Staff or students who are evicted for disciplinary reasons will receive no refund.

In order to provide on campus housing at the lowest possible rate, the University operates its residence halls on a contract basis for the full Academic Year beginning with the Fall Semester and continuing through the end of Spring Semester. A separate contract is signed for the Summer Term. Since the ANNUAL HOUSING CONTRACT is a binding agreement between the student and the University, applicants are advised to read this document before signing.

**HEALTH SERVICES**

The Student Health Center at Georgia Southwestern State University is an acute care medical clinic with a specialty in college health, providing a broad range of affordable health care to eligible students. Staffed by a physician, nurse practitioners, registered nurses, and support staff, our mission is to assist students with preventive health care and consultations, as well as evaluating, diagnosing and treating health concerns, illnesses and injuries, thereby minimizing their impact on academic progress. The clinic is open Monday through Friday. Refer to website for posting of hours of operation of the Health Clinic. The Herschel A. Smith Health Clinic is located within the Rosalyn Carter HHS Building 1. The Health Clinic services are available by appointment or on a walk-in basis during operating hours while classes are in session. Hours are subject to change to reflect the needs of the University. The Student Health Clinic is closed on University holidays and weekends. On weekends, students should notify the Residence Life staff member on duty or Public Safety for medical emergencies. The Health Clinic can handle minor emergencies, but we cannot assist with life-or-limb threatening emergencies. For medical emergencies, please dial 911 for emergency medical services and then call Public Safety for assistance, at 229-931-2245. If a student becomes ill, the Health Clinic will notify family members and faculty if the student so requests.

The Health Clinic staff provides assistance to students with minor illnesses or injuries and promotes positive physical and mental health by providing health awareness information to students.

A student who utilizes Health Clinic medical services is expected to visit the Health Clinic at times that do not conflict with academic responsibilities. After a student has been assessed in the Health Clinic, no excuses will be given except in cases of emergency. By Georgia Southwestern State University policy, an excused absence from class can be granted only by the professor of that class.

A registered graduate student has the option to pay the semester health. Upon payment of the semester health fee the graduate student becomes eligible to utilize the health services offered by the Georgia Southwestern State University professional Health Clinic staff. There are free over the counter medications available as well as first aid supplies. Upon eligibility graduate students are accessed fees for prescription medications dispensed at the clinic, equipment, lab tests and special procedures.

All students are urged to have adequate health coverage for illnesses or emergency visits to the local hospital or a physician’s office when the Health Clinic is closed. Insurance coverage is also recommended for medical care that is not available at the Health Clinic, including treatment of major injuries, surgery, and hospitalization. The University System of Georgia has a student health insurance plan available to all Georgia Southwestern State University students. Applications for enrollment are available online for Domestic students [www.uhcsr.com](http://www.uhcsr.com) and for
International students www.intlinsure.com/georgiacare.

Laboratory and x-ray services, inpatient hospital services, hospital emergency room treatment, ambulance transportation to a hospital, and professional services of a non-university medical specialist are not included in the semester health service fee. The Health Clinic staff, however, will assist the student in making arrangements with medical specialists.

The university physician is available for student visits at the Health Clinic at designated hours. As a part of a visit to the Health Center, the physician/nurse practitioner can dispense over-the-counter medications. (The clinic does not perform pharmaceutical services for prescriptions written off campus.) Medications not stocked by the Health Clinic are the financial responsibility of the student for whom they are prescribed. The Health Clinic will assist patients who are pregnant with a recommendation to an obstetrician/gynecologist.

A student accepted for admission will receive a health history and immunization form which is to be completed and returned to the Health Clinic once accepted for admission to the University. All new students (freshmen, transfers, and others) attending regularly scheduled classes or receiving resident credit will be required to submit a certificate of immunization prior to attending such classes. Students will be given 30 days from the start date of classes for a required immunization record to be on file with the Health Center. After this, a hold will be placed on the student's account preventing registration and obtaining grades or transcripts.

These expectations, as well as student rights, are published in the Rights and Responsibilities section of the GSW Weathervane Student Handbook. Also included in this publication is the University policy statement relative to implementation of the Family Educational Rights and Privacy Act of 1974 (FERPA).

Each student is responsible for reading and observing the policies stated in the GSW Weathervane Student Handbook. The GSW Weathervane is revised annually and is made available to students online.

STUDENT MEDICAL/MENTAL HEALTH WITHDRAWALS

For the provision of an academic learning environment and the protection of students and the total University community, the University has adopted a policy for the administrative medical/mental health withdrawals of students by the Vice President for Student Affairs. In making this decision, the Vice President for Student Affairs may consult with the Director of Counseling Services, the University physician, the Director of the University's Health Services, the Director of the University's Public Safety Office, Director of Human Resources, other appropriate university officials [such as Residence Life staff, Dean/Asst. Dean of Students, faculty, etc.], as well as with the student's parents/legal guardians [if under age 18-FERPA based], and the student's physician and appropriate health professionals [in the form of medical records documentation].

The Vice President for Student Affairs may administratively withdraw the student when it is determined that the student suffers from a physical, mental, emotional or psychological health condition which: (1) poses a significant danger or threat of physical harm to the student or to the person or property of others or (2) causes the student to interfere with the rights of other members of the University community or with the exercise of any proper activities or functions of the University or its personnel or (3) causes the student to be unable to meet institutional requirements for admission and continued enrollment, as defined in the Student Conduct Code and other publications of the University.

Except in emergency situations, a student shall, upon request, be accorded an appropriate hearing prior to the final decision concerning his or her continued enrollment at the University. The request for this hearing should be made, in writing, to the Vice President for Student Affairs. The Vice President for Student Affairs/Chairperson of GSW's Student Health and Behavioral Issues Response Team (SHBIRT) will arrange a hearing with the SHBIRT within 5 class days of receiving the request for a hearing. The student will be notified of the decision within five class days following the hearing. If the student wishes to appeal the decision received, he/she must submit the appeal, in writing, to the President’s Office within five [5] days of receiving the notification. The President may reject or accept the appeal. If the appeal is accepted, the President may independently handle the review or appoint a committee to conduct the review. If the President independently handles the review, the review should be completed within five class days following receipt of the student’s written appeal, and a final decision must be rendered in writing within five class days after the conclusion of the review. If the President appoints a committee to conduct the review, it shall occur within ten class days upon receipt of the appeal. The committee should be composed of three members of the faculty of the institution, or the President may utilize the services of an appropriate existing committee. This committee shall review all facts and circumstances connected with the case and shall within five class days make its findings and report thereon to the President. After consideration of the committee's report, the President shall, within five days of receiving the committee’s recommendation, make a decision, and notify the student, in writing. The only exceptions to the noted time frames are when the President is travelling and/or away from campus at the time the appeal arrives in the President’s office. This decision from the appeal to the President’s office shall be final so far as the institution is concerned.

STUDENT LIFE

The Division of Student Affairs exists to plan, coordinate, and implement co-curricular programs and services
which support students while they learn. The goal of the Division of Student Affairs is to identify non-academic needs of GSW students and to put its staff and resources to work in order to meet those needs. The staff of Student Affairs is particularly interested in fostering the development of the student as a whole person. Providing opportunities for students to interact effectively with each other and with faculty, to expand their leadership and communication skills, and to achieve their goals are the underlying objectives of the programs and services of the Division of Student Affairs.

Under the leadership of the Vice President for Student Affairs, the Division of Student Affairs includes counseling, career planning and placement, financial aid, judiciaries, Greek life, orientation, residence life, student activities, intramural sports and recreation, and the student center. For complete information concerning these programs and services, see the GSW Weathervane Student Handbook, which is made available online to all students by the Division of Student Affairs.

GSW provides every student with a CanesCard. The CanesCard is the official identification card for Georgia Southwestern State University. Students can use their CanesCard to access the Dining Hall, Higher Grounds, POD, and Chick-fil-A/Boar’s Head Deli.

Every student will need to have a CanesCard to access GSW facilities such as the fitness center, game room, library, bookstore, academic computer labs, and the residence halls.

For new students, CanesCards will be made on STORM Days and registration days in the Canes Card Office located in the Marshall Student Center. The CanesCard office will be open Monday- Thursday from 9am - 5pm and Friday from 9am - 2pm. Students can contact the CanesCard office at (229) 931-5091 or Student Accounts at (229) 931-2013 with questions or concerns.

**Students Under Review**

Graduate students who fail to maintain academic standards will be placed under academic review at the end of the semester in which their status falls below the required standards.

Students who have been placed under review will have early registration cancelled for the following semester. These students will not be able to register on-line and must report to their graduate advisor.

The Registrar will send the names of students under review to the Dean of each School/College, the Department Chairs with graduate programs or courses, and the graduate advisors.

A student under review must meet with his or her graduate advisor to develop an Individual Remediation Plan (IRP) to demonstrate how the student can be returned to good standing. - The School of Education does not accept transfer credit.
- Grades in transfer credits will not be used in calculating the grade point average and do not reduce residence requirements.
- Experiential or Prior Learning Credit
- GSW grants no graduate level credit for experiential or prior learning except under the supervision of the institution.

Transient Credit

With approval, a student may take courses as a transient student at another accredited institution and receive credit towards the degree for these courses. Approval is not guaranteed. The Transient Permission form must be completed with the appropriate signatures and turned in to the GSW Registrar’s Office prior to course enrollment for credit to be awarded. Grades earned in courses taken at another institution will not be counted in the student’s grade point average at GSW.
Readmission of Former Students

Former students in academic good standing who have not been in attendance for one calendar year or more must reapply through the Office of Graduate Admissions. Students who have attended another college since last attending Georgia Southwestern must submit an official transcript from that institution.

Students readmitted or reinstated will be evaluated for graduation from the catalog in effect at the time of readmission or reinstatement or any catalog in effect during subsequent periods of continuous enrollment.

Academic Load Limitations

Graduate students taking nine or more semester credit hours will be considered full-time. Graduate students may take a maximum of fifteen hours per term. Students taking less than nine semester credit hours will be considered part-time.

GRADING SYSTEM

Grade Point Average for Graduate Students

The grade point average (GPA) for graduate students includes all attempts on all graduate courses. It is a true cumulative GPA.

Policy on Repeating Graduate Courses

Normally, a course is counted only one time for credit hours toward a degree. If a graduate student wants to repeat a course that falls into this category, the student may do so with the understanding that credit hours attempted and quality points earned in all attempts of the course will be counted in the student's grade point average (GPA).

*Symbols not used to determine GPA.

Students enrolled for thesis or directed study credit will receive an S for satisfactory performance or a U for unsatisfactory performance.
A grade of I may be given in extenuating circumstances. If a grade of I is not removed before the end of the following term, it automatically becomes an F.

Students who for non-academic reasons stop attending class prior to midterm should withdraw from the course. A grade of I cannot be assigned in this situation.

**ATTENDANCE**

Students are expected to attend all classes. If an absence is necessary, the student is responsible for reporting the reason to the instructor; in such cases, each instructor will take whatever action he or she deems necessary. Faculty members will make their absence policies clear to the students enrolled in their classes in writing and within the first week of the semester. Failure to attend classes during the first week of the semester will result in administrative withdrawal from the course.

Penalties for excessive absences in each course are set at the beginning of each semester by the faculty member teaching that course. Students with excessive absences in a class may receive a grade of F for the course and may imperil their financial aid.

**Student Absence Policy for University Sanctioned Events**

Faculty members will set policies for absences from class and the effect absences may have on final grades. They will make their expectations concerning absences known to their students in writing during the first week of class.

However, a student who is absent from a class as a result of representing this institution at a University-sanctioned event will not be penalized for the absence, provided the student is otherwise in compliance with the requirements of the course. In these cases, the student will be given an opportunity to complete any work that may have been missed as a result of the absence. It is the student's responsibility to notify the instructor in advance of an anticipated absence.

For an event to be sanctioned by the University, approval by the Office of Academic Affairs must be obtained in advance of the event.

Any exceptions to this policy must be approved by the Vice President of Academic Affairs.

**Student Absence Policy for Ordered Military Duty**

For the purpose of this policy, ordered military duty shall mean any military duty performed in the service of the State or the United States, including, but not limited to, service schools conducted by the armed forces of the United States.

Students who must miss class for ordered military duty will not be penalized and will be given an opportunity to complete any work missed as a result of the absence. The student should provide documentation of the ordered military duty in advance of the absence and make arrangements with the instructor to make up missed work. For service or training requiring excessive absences or the inability to complete a semester’s work, the student may be eligible for Military Withdrawal from the course.
SCHEDULE ADJUSTMENTS

Change in Program

Before a graduate student may transfer from one Teacher Education degree program to another, a request for transfer must be approved by the Dean of the School of Education and the Chair of the new program. Students wishing to transfer to or from the Master of Business Administration, the Master of Science in Computer Science, the Master of Science in Nursing, or the Master of Arts in English Programs must have their request approved by the appropriate dean.

Adding or Dropping Courses

Following registration for the term, students may add or drop courses during the published add/drop period. [GSW Academic Calendar](#)

Students must discuss adding or dropping courses with their advisors.

Students who enter courses after the first day of class are responsible for making up missed assignments.

After the published add/drop period, students may adjust their schedules only by "withdrawal." (See below.)

Students registered for courses that have the first class meeting after the designated add/drop period will be subject to the withdrawal from class policy or the withdrawal from the university policy below. Any orientation session for online or off-campus courses is considered the first class meeting for the course.

Withdrawal from a Course

After the add/drop period, a student must officially withdraw from a course by completing the [Withdrawal from Class](#) form available under Student Forms on RAIN or the GSW Homepage and the Registrar's Office. This form must be returned to the Registrar's Office upon completion. The student is fully responsible for collecting the appropriate signatures and submitting the completed form to the Registrar's Office. The effective date of the withdrawal from class is entered as the received date by the Registrar's Office.

Withdrawal from class without penalty requires the student to complete the Withdrawal from Class form and return it to the Registrar's Office by the published no-penalty date of one week after midterm. A student following this procedure will receive a grade of W (Withdrawn).

Withdrawal from class without penalty will not be permitted after the published 'no penalty' date except for non-academic reasons. Documentation must be provided by the student to receive a W rather than a WF (Withdrawn Failing).

All withdrawals from class must be approved and completely processed before the last day of classes. A student who does not officially withdraw from a class will receive a grade of F in that course for the term.

Withdrawal from the University

Students withdrawing from all classes and exiting the University after the first day of classes must complete the [Withdrawal from the University](#) form. The completed form should be submitted to the Director of the First Year Experience or faxed to 229-931-2835. The effective date of the withdrawal from the University is entered as the
date from the Withdrawal from the University form.

Withdrawal from the University prior to the published no-penalty date will result in grades of W (withdrawn) for all courses.

Withdrawal from the University after the no-penalty date will result in grades of WF (withdrawn failing) except for documented non-academic reasons.

All withdrawals from the University must be approved and completely processed before the last day of classes. The student is fully responsible for supplying all pertinent documentation to the Director of the First Year Experience.

Failure to withdraw from the University following the proper procedure will result in grades of F in all courses, and no refund will be given.

Drops for Non-Attendance

Instructors must take roll during the first week of classes, until the drop/add period has ended. The faculty member will report their Enrollment Verification to the Registrar during the second week of the semester. It is the responsibility of the faculty member to document absences. Any student reported as not attending/participating in their online or on campus course will be dropped from that course and will be notified via their official email account (radar).

If a student wishes to be reinstated in the class or an error has been made by the instructor, the Petition for Reinstatement to Class Roll form must be completed. The deadline for seeking reinstatement is 14 days after the published Enrollment Verification date, found on the GSW Academic Calendar.

Students receiving financial aid should be aware that this could negatively impact the amount of aid they receive for the term.

POLICY ON ACADEMIC INTEGRITY

Introduction

Academic Integrity is a commitment, even in the face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these values flow principles of behavior that enable academic communities to translate ideals into action (International Center for Academic Integrity).

GSW’s Policy on Academic Integrity sets forth principles of behavior intended to enable its community members to act according to these fundamental values, thereby fostering a community of excellence in teaching and learning. This policy defines academic integrity, assigns responsibility of community members for upholding these principles, defines academic dishonesty, and delineates the procedure for handling violations of the community standard.

Principles of Academic Integrity

Accurate Attribution of Ideas: While the free exchange of ideas does not demand that every idea a person
expresses be her or his own original thought, it does demand that a person accurately represent the origin of the thoughts she or he expresses. The forms of attribution vary depending upon the formality of the setting in which ideas are exchanged. In conversation, attribution might be as simple referring to where you heard an idea while in a class presentation or a written assignment, a specific style of attribution or documentation will be required. The specific format for such is usually defined by the academic discipline.

Collaboration on Assignments: Collaboration is a fundamental component of community building and a valued ability in the work force, as well as one of the most important practices of a democratic society, but it depends on community members exercising the values of fairness, respect, and responsibility. Respectfully listening to the perspectives of others, and shouldering the responsibility for contributing equitably to the success of the group demonstrate academic integrity. In the academic setting, collaboration has been shown to improve students’ learning, but it must be balanced with the need to assess a student’s individual mastery of a topic. Thus, faculty may actively discourage collaboration for some types of assignments, such as homework or papers, while encouraging it in others circumstances, like group projects or presentations.

Collection of Data: The academic community is a culture of evidence in which decisions are made and opinions evaluated largely on the basis of the factual or logical support. Therefore, whenever a community member presents data he or she has collected firsthand through observing, interviewing, surveying, or experimenting, he or she must be careful to describe clearly how the data were collected to verify that the results are presented accurately and to maintain all confidentiality agreements with participants.

Quizzes, Tests, and Examinations: The academic community often calls upon its members to demonstrate what they know, or what they can do individually, often under the pressure of time constraints, which can put a student’s honesty, trust, fairness, respect, and responsibility to the test. Academic integrity requires that a student abide by the rules established by the faculty member for assessing individual learning.

Responsibility of Community Partners for Upholding the Values of Academic Integrity

Responsibility of the Faculty Member

Students do not always come to the GSW community knowing the principles of academic integrity and therefore teaching students to exercise these principles is the duty of the faculty. Given that the parameters of academic integrity are defined by the goal of an assignment or activity, the type of assessment being used, and the standards of the particular discipline, faculty members should be explicit about their expectations of students. To that end, faculty members should state in their syllabi the expectations for 1) attribution of ideas, 2) collaboration on assignments, 3) collection of data, and 4) quizzes, tests and examinations.

Responsibility of the Student

As partners in their own learning, students are responsible for making themselves aware of how the principles of academic integrity apply in each academic setting they enter. While the faculty member is responsible for setting expectations, it is the student’s responsibility to seek guidance from the faculty member, especially when unsure of how to apply the principles in a particular situation. When in doubt, seek guidance from the instructor.

Academic Dishonesty
Violations of academic integrity will be subject to sanction by the academic community. The examples given below are intended to clarify the standards by which academic dishonesty may be judged.

**Plagiarism**

Plagiarism includes, but is not limited to, asking someone to write part or all of an assignment, copying someone else's work (published or unpublished), inadequately documenting research, downloading material from electronic sources without appropriate documentation, or representing others' works or ideas as one’s own.
Cheating on Examinations

Cheating on an exam includes, but is not limited to, giving or receiving unauthorized help before, during, or after an in-class or out-of-class exam. Examples of unauthorized help include using unauthorized notes in either hard copy or electronic form, viewing another student’s exam, taking pictures of exams with cell phones or other electronic devices, allowing another student to view one’s exam, and discussing an exam or sharing information on an exam’s content with other students after the exam has occurred in one section but not in another.

Unauthorized Collaboration

Unauthorized collaboration includes giving or receiving unauthorized help for work that is required to be the effort of a single student, such as the receiving or giving of unauthorized assistance in the preparation of a laboratory or writing assignment, online exams, etc.

Falsification

Falsification includes, but is not limited to the fabrication of citations or sources, of experimental or survey results, and of computer or other data.

Multiple Submissions

A student may not submit substantial portions of the same work for credit more than once without the explicit consent of the faculty to whom the work is submitted for additional credit. If a work product is to be substantially revised or updated, the student must contact the faculty member in advance to discuss necessary revisions. In cases where multiple submissions are approved, faculty members will require copies of the original documents for comparison.

Process for Resolving Academic Dishonesty Issues

Instances of academic dishonesty are a serious violation of community standards for academic integrity and may result in suspension or expulsion from GSW. While faculty members have the primary responsibility for establishing the parameters of academic integrity in the academic situations they supervise, it is the responsibility of all members of the GSW academic community to report suspected instances of academic dishonesty. Therefore, any member of the GSW academic community can lodge an academic dishonesty complaint with GSW’s Student Conduct Officer (the Assistant Dean of Students).

Any member of the academic community who has evidence of academic dishonesty should report his or her suspicion and evidence to the faculty member of the student(s) believed to be in violation of the policy. The faculty member is then responsible for responding, and if she or he has adequate evidence, may file an Academic Dishonesty Violation Report with the Student Conduct Officer.

Faculty Reporting

If an instructor discovers a case of academic dishonesty, he or she may impose whatever penalty is deemed appropriate by the faculty member, given the standards and expectations shared with students in that course (including but not limited to rewriting assignments, failure on the assignment, or failure in the course). The faculty member’s syllabus policies will establish how the violation will be handled in his or her own classroom if the student does not contest that a violation has occurred. In addition, the faculty member’s syllabus
policies will establish how the violation will be handled in his or her own classroom if the Academic Integrity Board confirms that a violation has occurred.
All incidents of academic dishonesty will be reported to the Student Conduct Officer using the Academic Integrity Violation Report Form which asks for a description of the incident, a copy of the faculty member’s written policy on academic dishonesty, evidence that a violation has occurred, the penalty imposed by the faculty member, and the student’s signature indicating the faculty member met with the student about the incident and explained the consequences.

The Student Conduct Officer will keep on file all Academic Integrity Violation Report forms. When a new report is received, the Student Conduct Officer will review the record to determine if the student has any other academic integrity violations on file. A first violation will be filed, but no action will be taken by the University unless the student chooses to dispute that a violation has occurred. If a student disputes that a first violation of this policy has occurred or the student has more than one violation on file, the Student Conduct Officer will call for a hearing of the Academic Integrity Board, and the faculty member may be asked to submit further documentation of the violation. All hearings of the Academic Integrity Board will be held in accordance with the due process procedures as specified in GSW’s Conduct Code.

The Academic Integrity Board’s first responsibility in a hearing is to determine if a violation of the academic integrity policy has occurred. In cases where a student is exonerated of accusations of academic dishonesty by the Academic Integrity Board, the student may appeal the faculty member’s penalty through the regular grade appeal process. If the Academic Integrity Board determines the student to be in violation of the academic integrity policy and it is the student’s first violation, no further action will be taken by the Student Conduct Officer. If the Academic Integrity Board determines the student to be in violation of the academic integrity policy and the Student Conduct Officer informs the Board that the student has previously violated the academic integrity policy, then the Board may consider recommending further sanctions. Recommended sanctions may be educational, such as assignments which require the student to research the topic of academic integrity or speaking to the UNIV 1000 classes about academic integrity, or may include probation, suspension, or expulsion. The Academic Integrity Board will provide in writing its recommendations on the case and sanction recommendations to the Vice President for Academic Affairs within five business days of the hearing.

The Vice President for Academic Affairs will notify the faculty member, who referred the case, of the Academic Integrity Board’s recommendations, including any University sanctions imposed, within five business days, excepting any days when the Vice President of Academic Affairs is travelling on university business. After this communication with the faculty, the Vice President for Academic Affairs will issue the final outcome letter to the student, with a copy to the faculty, as well as any other appropriate academic records file, within five (5) days following the communication with the faculty. If sanctions include suspension or expulsion, the student’s Department Chair or Dean will also be notified. A student may not withdraw from the course in which an accusation has been made during the student conduct process. Students accused of academic dishonesty are entitled to the due process rights outlined in the Conduct Policy. A student has the right to appeal the Vice President of Academic Affairs’ decision to the President of the University.

RAIN (Registration and Academic Information Network)

The Registration and Academic Information Network (RAIN) allows students to access their academic and financial records on-line. Students can view holds, midterm grades, final grades, academic transcripts, registration status, class schedules, curriculum sheets, as well as their Financial Aid status, Account Summaries and Fee Assessments. RAIN provides a convenient method for students and faculty to obtain information via the web. It is a secured site which is continually expanding to provide 24 hour access to all students. Information is routinely added to RAIN, including term-specific notices and deadlines. Students must access RAIN to receive grades for all courses since grade mailers are no longer produced.

THE SEMESTER SYSTEM

The academic year is divided into two semesters (terms) of 15 weeks each and a summer term. New courses are begun each semester; hence, it is possible for students to enter the University at the beginning of any term.

Semester Hours of Credit

Credit in courses is expressed in semester hours. Georgia Southwestern normally grants one semester credit hour for 50 minutes of instruction per week for 15 weeks; therefore, a typical three credit hour lecture class meets for 150 minutes per week. In addition, it is expected that the typical student will need to prepare for approximately 300 minutes outside class per week for a typical three credit hour class.

Exceptions to this contact time expectation are made for classes in which the faculty has judged that more contact time is required to meet the learning outcomes of the class. For example, in task-oriented classes, such as studio classes, laboratories, clinical classes, classes with required field experience, and internships, the contact time may be closer to the combination of contact and preparation time expected for a lecture class.

Similarly, in distance education classes, each credit hour represents approximately 150 minutes of activity per week; therefore, a typical three credit hour distance education class will require approximately 450 minutes of activity per week.

The hour designation is X-Y-Z, found at the end of the courses description in the GSW Bulletin. X is the lecture contact time per week; Y is the lab or studio contact per week; Z is the credit hours. A typical three semester hour lecture class will appear as 3-0-3, while a typical science lab will be 0-3-1, and a typical physical education activity course will appear as 0-2-1.

Numbering Of Courses

Each academic course is designated by numerals. Courses are numbered according to the following plan:

- Freshman and Sophomore lower division 1000-2999
- Junior and Senior upper division 3000-4999
- Graduate 5000-8999
- Courses numbered 0001 to 0999 are institutional credit courses.

The Master of Science in Computer Science is offered in both traditional and online formats. The School of Computing and Mathematics also offers an online certificate program in Computer Information Systems (CIS).

The School of Education offers graduate study leading to the Master of Education in Early Childhood Education, Middle Grades Language Arts, Middle Grades Mathematics, and Special Education and the Specialist in Education in Early Childhood Education and Middle Grades Education.

The Master of Science in Nursing consists of four degree tracks (Nursing Educator, Nursing Management, Nursing Informatics, and Family Nurse Practitioner -FNP); two certificate tracks (Nursing Education and Health Informatics); There is no summer admission cycle. FNP admission cycle is part time in the spring and full time or part time in the fall.

Master of Science in Nursing consists of four tracks and two certificates - all online programs of study. The 36-44 hour programs prepare professional registered nurses for advanced practice nursing roles as culturally competent educations, leaders, informaticists, or family nurse practitioners. See individual tracks for application deadlines

The Master of Business Administration is offered in a totally online format.

Admission to graduate studies is a prerequisite for enrollment in graduate courses. Courses numbered 5000 and above are graduate level courses. Education courses numbered 6000 to 7999 may be used in fifth year programs. Courses numbered 8000 and above are open only to fully admitted sixth year students. Students lacking the necessary preparation in business must take the appropriate undergraduate level courses prior to beginning the Master of Business Administration. These courses may not be used to satisfy degree
Applicants who do not enroll in the term indicated on the application must inform the appropriate school/college or department of their plans and indicate a new date of entrance. In addition, a new application for the term in which the student wishes to enroll must be submitted.

**TYPES OF ADMISSION**

There are six general types of admission to graduate studies at Georgia Southwestern State University: Regular (without Conditions or with Conditions), Personal Development, Post Baccalaureate, Transient, and Certificate Program only. The six types are described below.

**Regular Admission without Conditions** An applicant in this category has completed all the requirements for admission to a specific degree program.

**Regular Admission with Conditions** An applicant who does not meet all the requirements for admission to a specific degree program may be admitted with the condition that he or she must complete nine (9) hours of graduate credit with a grade no lower than B. At the time the conditions are met, the student's record will be updated to reflect the change to regular admission without condition. If the conditions are not met (a grade lower than B in those nine hours), the student will be expelled from the graduate program.

**Personal Development** An applicant in this category must have a baccalaureate (undergraduate) degree from an accredited college or university. Graduate courses taken under this category cannot be applied towards a master's degree.

**Post Baccalaureate** An applicant in this category must have a baccalaureate (undergraduate) degree from an accredited college or university. This type of admission allows one to take graduate courses for credit without pursuing a graduate degree, i.e. satisfying graduate level pre-requisite course requirements, enrolling in coursework to increase the undergraduate grade point average, renewing teacher certification, or pursuing a graduate level certificate which is not a part of degree program. Students who wish to have certificate courses apply toward a degree program must meet admission requirements without condition. Under no circumstances can more than nine semester hours taken under post baccalaureate status be used in a master's degree program.

**Transient** An applicant who is currently admitted to full graduate standing at another recognized institution may be admitted as a graduate transient student, with permission from the home institution once official transcripts have been received. An applicant for transient admission must submit an application, application fee, official transcripts from the home institution and a letter of transient permission from the appropriate dean of the student's home institution.

**Certificate Program** An applicant seeking the certificate program offered by the School of Computing and Mathematics must have a minimum of a bachelor's degree from a regionally accredited college or university, or the foreign equivalent thereof. Click the certificate listed under the School of Computing and Mathematics information section.
Certificate Program  An applicant seeking a certificate program offered by the School of Nursing must have a minimum of a BSN from a regionally accredited college or university. Click the certificates listed under the School of Nursing information section of this Bulletin.

INFORMATION FOR INTERNATIONAL STUDENTS (Students on F-1 and J-1 Visas)

Georgia Southwestern State University welcomes international students – their presence on the GSW campus adds a unique global dimension to the campus community! The Office of Undergraduate Admissions welcomes applications from international students interested in attending GSW.

Students should go to the following website for application and admission information: https://gsw.edu/Admissions/Who/International

International students should check the following website for content updates related to international students and scholars: https://gsw.edu/academics/international-student-programs/services.

The Master of Science in Nursing degree and certificate programs are not available to international students because they do not hold a state RN licensure for the United States.

In addition to requirements for admission to a graduate degree program listed elsewhere in this section, international students must submit the following items:

- Certified English translation of original transcripts from each institution previously attended. In cases where there is only one original copy, GSW will inspect the original copy, make a photocopy for the institutional records, and return the original to the applicant. A university/school official, embassy official, the Ministry of Education or the Ministry of Foreign Affairs, must certify English translations. Transcripts cannot be witnessed or verified by a notary public. Photocopies or faxes of evaluations or transcripts are not acceptable.

- All official international transcripts must have a foreign credential evaluation completed in English. Additional information about this evaluation can be found at the International Admissions website.

- Certified copies of original diploma, degrees awarded and English translation of diploma, degrees awarded. The issuing institution must certify the degree certificate.

- An official report of scores on the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS). A minimum TOEFL score of 69-70 (IBT) [193 on the computerized test or 523 on the paper test] or a minimum IELTS score of 6.5 is required for all types of admission to all graduate programs. Applicants who have received degrees from accredited institutions in the U.S. or from institutions in countries where English is the primary language are not usually required to submit TOEFL or IELTS scores. Under certain circumstances, an international student may meet all of the Georgia Southwestern guidelines for admission, but does not meet the minimum TOEFL score (IBT 69, or corresponding scores on other types of TOEFL examinations) or a 6.5 on the IELTS. These students may be considered for admission by the University. A student in this situation should contact the Dean of the School/College or Chair of the Department offering the graduate program sought by the student.

NOTE:
If the applicant is accepted to the University, he/she will be notified, and should submit the following items
before the SEVIS I-20 will be issued and registration permitted.

• Completion of the Declaration and Certification of Finances form provided by GSW. Included, in this
document is a Verification of Support and Bank Certification Letter. For the Bank Certification Letter you
may use the included form or a bank letter/statement that includes the same information. A printed copy of
the statement is acceptable if it includes a stamp from the bank.

• For an applicant transferring from another institution within the United States, A copy of his or her current I-20,
visa, and I-94 along with the completed Undergraduate Transfer Clearance Form.

• Evidence of health/accident insurance. Each international student must obtain and maintain health/accident
insurance. Students must purchase the University System of Georgia Student Health Insurance Plans (SHIP)
insurance policy. (For current costs, go to the GSW Health Insurance website.) International student
athletes will purchase health/accident insurance through the Athletic Department.

• Proof of immunizations. The immunization form for international students must be provided within the first
week of classes, or their registration will be dropped and a hold will be placed on their account.

Upon receipt of the application materials and required documents and official acceptance, international
student applicants will be mailed their Certificate of Eligibility to Study (SEVIS I-20) required to obtain their F-1
visa at the U.S. Embassy or Consulate.

PLEASE NOTE: All international students enrolling for the first time at Georgia Southwestern State University
are required to submit a Tuberculosis screening and questionnaire within 10 days of arrival to the GSW
campus. Students with a positive PPD test are required to have a follow-up chest X-ray within 2 weeks.

There are assistantships available to be awarded on a competitive basis to qualified students.

F-1 and J-1 International Students

GSW’s Office of International Programs assists F-1 and J-1 international students with all matters pertaining to
immigration, counseling, advising, and programming.

F-1 and J-1 international students are expected to attend the international student orientation at the
beginning of each semester. International student orientation provides an opportunity for international
students to get oriented to the GSW campus community, and includes a variety of sessions critical to succeeding
at GSW and living in the United States.

International students should check the following website for content updates related to international
students and scholars: https://gsw.edu/academics/international-student-programs/services.
SCHOOL OF BUSINESS ADMINISTRATION
Master of Business Administration

Program Description

The MBA program has strong business training that integrates knowledge from various functional areas, the expertise of our faculty and the real-world experience of our students. It reinforces strong values, ethics and service and acknowledges the multicultural influences driving today's market. Our program is based on developing key competencies that will help build a lifetime of success. The MBA degree program in business educates students in a broad range of knowledge and skills including finance, ethics, international business, management and marketing as a basis for careers as successful managers. Students achieve knowledge and skills for successful performance in a complex environment requiring intellectual ability to organize work, make and communicate sound decisions, and react successfully to unanticipated events. The program has been designed to promote career development and help students build personal and leadership skills.

The MBA program is delivered completely online. The academic program consists of a minimum of 30 graduate semester credit hours in business-related courses. The curriculum consists of eight core courses and two elective courses. In addition, there are several prerequisite foundation courses. The formulas to determine the student's admission status are

1. GMAT score/ predicted score + (200 x the student’s undergraduate GPA*)
2. GMAT score/predicted score + (200 x the student's GPA in all upper-division undergraduate courses)

*Grade Point Average (GPA) is based on a four point scale as reported on the official final transcripts from all
institutions attended.

International students must submit TOEFL or IELTS scores.

**Regular Admission without Conditions**

Applicants with an undergraduate GPA of 3.0 and 5 years professional/managerial experience may submit a request to waive the GRE/GMAT requirement. International students in this category must submit official TOEFL or IELTS scores.

**Regular Admission with Conditions**

- A minimum undergraduate overall grade point average (GPA) of 2.70 as reported on the official final transcripts from all accredited institutions.

1. Graduate students who fail to maintain academic standards will be placed under academic review at the end of the semester in which their status falls below the required standards.
2. Students who have been placed under review will have early registration cancelled for the following semester. These students will not be able to register online and must report to their graduate advisor.
3. The registrar will send the names of students under review to the Dean of the School of Nursing and the graduate advisors.
4. A student under review must meet with his or her graduate advisor to develop an Individual Remediation Plan (IRP) to demonstrate how the student can be returned to good standing. The plan will be forwarded to the Dean of the School of Nursing to sign before placed in the students file. A copy of the form will also be sent to the Registrar’s Office.
5. At the end of the probationary semester, if the student is not successful in returning to good standing, the Dean of the School of Nursing will send a certified letter of dismissal to the student with a copy to the student’s graduate advisor and the Registrar’s Office.
6. Graduate students who are dismissed from the graduate program may write a letter of appeal within ten (10) days from the receipt of the dismissal letter to the Vice President for Academic Affairs. Students re-admitted on appeal will have one additional semester to return to good academic standing.
7. Re-admitted students who do not return to good standing after the initial probationary semester will be dismissed from the program and the University.
8. Dismissed graduate students may re-apply for admission to the program after three calendar years. If the student is readmitted, he or she must meet all requirements for the degree program at the time of re-enrollment. The years completed prior dismissal will count towards the total seven (7) years to complete the degree. Readmission is not automatic. Each application will be considered individually.

THE UNIVERSITY SYSTEM OF GEORGIA

The University System of Georgia includes all state-operated institutions of higher education in Georgia - 4 research universities, 4 comprehensive universities, 10 state universities, and 11 state colleges. These 29 public institutions are located throughout the state.

The Board of Regents of the University System of Georgia was created in 1931 as a part of a reorganization of Georgia’s state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The governor appoints members of the Board to a seven year term and regents may be reappointed to subsequent terms by a sitting governor. Regents donate their time and expertise to serve the state through their governance of the University System of Georgia – the position is a voluntary one without financial remuneration. Today the Board of Regents is composed of 19 members, five of whom are appointed from the state-at-large, and one from each of the state’s 14 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System. The Board oversees the public colleges and universities that comprise the University System of Georgia and has oversight of the Georgia Archives and the Georgia Public Library System.

The mission of the University System of Georgia is to contribute to the educational, cultural, economic, and social advancement of Georgia by providing excellent undergraduate general education and first-rate programs leading to associate, baccalaureate, masters, professional, and doctorate degrees; by pursuing leading-edge basic and applied research, scholarly inquiry, and creative endeavors; and by bringing these intellectual resources, and those of the public libraries, to bear on the economic development of the State and the continuing education of its citizens.
