Gifts to the Southwestern Annual Fund provide an immediate source of support for Georgia Southwestern State University students and activities, as they arise. Items such as conference expenses, extracurricular learning programs and clubs, additional scholarship funding, emergency expenses, and textbook assistance have been provided through our annual fund. These expenses are not part of our regular state budget, so we rely upon your annual gifts to provide the majority of these activities for students.

We welcome annual gifts from alumni, friends, and parents, and encourage you to consider setting up a recurring annual gift. Your gifts, combined with others, would mean the world for GSW students and increase their future success.

As always, please reach out if you have questions or need assistance with making additional giving arrangements.
