Women (and Gender) in Photography

There are seats still open for the 2014 short-term session (June)

Women (and Gender) in Photography class!

This class is a fun and an interesting introduction to both Photography and Women and Gender Studies. There are no prerequisites or special equipment needed, and it fits as an elective for all majors. Students are even allowed to shoot with their cell phones!

Please contact: Tonia Hughes, Lecturer of Photography

Room 207B in the Fine Arts Building
