

Institutional Effectiveness Committee Meeting
February 27, 2023

Members Present

Bryan Davis
Christa Faison
Bokshim Fox
Gaye Hayes
Alaina Kaus
Jamie MacLennan
Brian Mallett
Shawn McGee
Michele McKie
Rhonda Slocumb

Jamie MacLennan called the meeting to start at 11:04 a.m.
The committee approved the December 12, 2022 meeting minutes.

Subcommittee and Task Force Reports

Bryan Davis announced that there is no report from the Assessment Review Subcommittee because we are still waiting on admin and student engagement and success reports.

Mindset Survey Task Force

USG wants us to do the mindset survey. They commissioned the creation of it from Motivate Lab. We have been doing the survey since Fall of 2017. We will do the survey again this fall.

The results are collated according to things like confidence (for example, in writing) and results (for example, English 1101 grade). There is a lot of information. Bryan Davis contracted with Motivate Lab to do the set of spreadsheets with pivot tables, allowing us to look at the data in different ways. The data is from first time first-year students. Students take the survey at the beginning of term (before Labor Day) and then again at the end of term.

We might see differences between one cohort and another. Some things the survey asks are about things we don't have data on another way (for example, why students are motivated to seek a college degree). We can also put this data together with data that we get from NSSE (national survey of student engagement) data.

The Mindset Survey asks questions about motivation and social belonging as well as confidence in different subjects, such as math and English. It asks questions more than once in different ways. Some are coded. Some are reverse coded.

Since 2018, students have taken the survey in University 1000.
Most of the time, there is not a lot of difference in responses from T1 to T2 (beginning to end of first semester).

It was noted that it would be interesting to separate students with dual enrollment credit from those without dual enrollment credit.

Committee Bylaws

We will vote on the committee bylaws in the next meeting (April 2023).

Schedule April meeting

We will do a doodle poll.
