

GSW Study Abroad Programs

Student Behavioral Commitment Contract

By signing this contract I understand that participating on a faculty-led study abroad program requires my commitment to focus and engage in the learning goals and activities of the program; to be committed to promoting intercultural dialogue; and to conduct myself in a manner that reflects well on myself, the group with whom I am sharing this experience, my university, and the country that I represent. I understand that any behavior on my part that fails to meet the program's standards, in the sole discretion of the leader(s) of the program, may result in my dismissal from the program, at my own expense and without a refund.

I agree to participating in all activities, service learning projects (if applicable), and group excursions. Poor health is the only permissible reason for not participating in such activities, projects and excursions. I understand that if I am feeling ill at any time during the program I will notify any one of my faculty program directors who will immediately seek medical assistance to address my condition. Reasons not to accompany the group other than a medical condition will not be accepted by the program directors. Program directors will not leave students at a hotel or at a dormitory on their own. Illnesses will be dealt with immediately.
