I, _____ (print name), completed the Tuition Classification section of the Georgia Southwestern State University Admission Application incorrectly. Please accept the corrected information below and use this information to determine my Tuition Classification. I understand this form will should be notarized, if answers have changed and were not simply left blank.

Tuition Classification Information: In accordance with Board of Regents Policy 4.3.4, all applicants who are accepted for admission or readmission to Georgia Southwestern for fall 2011 or any academic semester thereafter, and who seek to be classified as in-state for tuition purposes, will be required to provide validation of residency and lawful presence in both the State of Georgia and the United States.

University System of Georgia students are responsible for registering under the proper tuition classification. In general, classification of in-state status for tuition purposes requires an individual to have established domicile in Georgia for a minimum of 12 consecutive months immediately preceding the first day of classes for the term in which the student plans to enroll.

Domicile is defined as a person’s present, permanent home where the individual intends to stay indefinitely and to which that individual returns following periods of temporary absence. Temporary residence does not constitute the establishment of one’s domicile.

Residency is defined as the state and country where an individual currently lives. An individual may be residing in Georgia without having established domicile in the state. See above definition of domicile.
