A screenshot of the 'Submit Feedback' dialog box. It has a title bar with 'Submit Feedback' and a close button. The 'Rating' section shows five stars, with the first four filled and the fifth empty, all enclosed in a red box. Below that is a 'Comments' section with a text area. At the bottom, there's an 'Anonymous' section with a checked checkbox and the text 'Make this rating and any comments anonymous.', also enclosed in a red box. At the very bottom are 'Submit' and 'Cancel' buttons.

- You can update your feedback submission by resubmitting feedback to the same topic, but only your newest comments and rating appear to instructors. Resubmitted feedback overwrites previously submitted feedback regardless of whether you change your user status from anonymous to your user name (or from your user name to anonymous user).
